My Cloud, My Notes

QNAP Notes Station is an online note taking application that lets you create notes on your private cloud provided by the Turbo NAS. You can save and edit your notes and ideas from your PC or mobile devices anytime, anywhere, collaborate or share the notes with others, clip web pages, attach audio, video, image, and files from the NAS, and more.

- Keep notes and memos safe on the Turbo NAS
- Instant access from computers, mobile phones and tablets
- Insert files from the Turbo NAS to enrich the notes
- Built-in "ImgEdit" for image editing
- Save entire web pages with clipper
- Collaboration among multiple users
- Publish notes to Facebook
- Easy classification and search of notes
- Integrated tasks and calendar
